

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Allegany County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

Priority - Project Name	Project Type	Status	Net State Funds	Prior State Funds	Requests Planning/ Funding	75% IAC Approvals 12/10/20	90% IAC Approvals 3/1/21	100% Approvals 5/27/21	Total EGRC Allocations		Total Approved Allocation
									FY 16, 17,19 and 21 EGRC	FY 2022 EGRC	
1 - Fort Hill High	SR:Boilers	A	\$1,897		\$1,897	\$1,708		\$189			\$1,897
2 - Center for Career and Technical Education	SR:Roof - Phase II	A	\$438		\$438	\$329	\$66	\$44			\$438
Totals			\$2,335		\$2,335	\$2,036	\$66	\$233			\$2,335

Evaluation Status:

- A Designees recommendation for approval of planning or funding pending approval by the IAC
- B Deferred due to State fiscal constraints, but eligible for local planning or construction funding.
- C Deferred, and not currently eligible for planning or funding recommendation.
- D Denied, and not eligible for planning or funding recommendation.

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Calvert County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Caroline County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Frederick County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Prince George's County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

- Notes:**
- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
 - (2) Projects are shown in local priority order with the evaluation status.
 - (3) Totals may not add to the exact dollar amount due to rounding.

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

Washington County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

Priority - Project Name	Project Type	Status	Net State Funds	Prior State Funds	Requests Planning/ Funding	75% IAC Approvals 12/10/20	90% IAC Approvals 3/1/21	100% Approvals 5/27/21	Total EGRC Allocations		Total Approved Allocation
									FY 16, 17, 19 and 21 EGRC	FY 2022 EGRC

Statewide

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.

Notes:

- (1) Projects approved or pending approval for funding by the IAC are shown with a status of "A" and an amount of funding within the "Total Projected Allocation" column.
- (2) The estimated FY 2022 CIP allocation is contingent on the Final Capital Budget amount and IAC approval.
- (3) Totals may not add to the exact dollar amount due to rounding.

Priority - Project Name	Project Type	Status	Net State Funds	Prior State Funds	Requests Planning/ Funding	75% IAC Approvals 12/10/20	90% IAC Approvals 3/1/21	100% Approvals 5/27/21	Total EGRC Allocations		Total Approved Allocation
									FY 16, 17, 19 and 21 EGRC	FY 2022 EGRC	
- Statewide Reserved Appropriations		B					\$1,000	\$6,095			\$7,095
- Outsource Design Review Design Review -		B						\$500			\$500
Totals							\$1,000	\$6,595			\$7,595

Evaluation Status:

- A Designees recommendation for approval of planning or funding pending approval by the IAC
- B Deferred due to State fiscal constraints, but eligible for local planning or construction funding.
- C Deferred, and not currently eligible for planning or funding recommendation.
- D Denied, and not eligible for planning or funding recommendation.

Funding Code:

- b Balance of multi-year funds
- p Partial funds
- e Entire funding for project

**Interagency Commission on School Construction
 FY 2022 Public School Construction Capital Improvement Program (CIP)
 Summary of LEA Requests and IAC Approvals
 for Planning and Funding as of May 31, 2021
 (\$000) omitted**

MD School for the Blind County

The funding recommendations shown for individual major projects may be adjusted due to a number of factors, including the final determination of the area that is eligible for State participation, subtraction of State funding for projects previously approved in an existing facility, and the actual contract cost in some cases. These adjustments will be shown in the worksheets that will accompany the Final FY 2022 Capital Improvement Program publication.

Also note that while approval of planning is a commitment on the part of the State to fund a project, this commitment is made pending continuing eligibility of the project and the availability of funds. Approval of planning cannot guarantee that future State construction funding will be available at the time that it is requested. It is advisable to proceed with a full understanding that local funding may be necessary in order for a project to proceed on schedule.
